Words From Your President . . .

For the past several years all we have concentrated on was the Banquet Center now it's time we concentrate on other issues. The banquet center has been updated and in the next few months there are a good number of events scheduled. I would like to turn my attention the Club itself. I need to know what you think the club needs to do for its members. What do you feel the executive board and I need to work on for the future of the club? How can we attract and keep new members? Do we need to expand the club's membership to non Polish members as a Friends of the Polish century club? What do we need to do to bring in the younger members? Do we need to have more events like bowling teams, golf league, card tournaments, coin clubs, stamp clubs, or a baseball team? Do we need to sponsor some sporting events like fishing tournaments, hunting trips, or travel tours? Should we have more cultural events like Polish language classes, polish cooking classes, polish history classes, research your family history, or trips to Poland.

The board and I are ready to take the club to the next level; all we need is your ideas and support. I know that we can all work together and get this done just like the support you have shown in the upgrading of the banquet center. In this newsletter there is a sheet to write your suggestions on and return to the office.

Thank You,
 Gary Mruk
